

ABOUT US

Founded in 2013, A S Impex began as a supplier of branded FMCG products to exporters serving global markets. With a strong focus on ethical business practices, reliability, and quality, the company has steadily grown its network and product offerings. In 2021, we expanded our operations and entered the international market as Merchant Exporters of Indian grocery products.

Today, A S Impex exports to several countries including Australia, Hong Kong, Africa, Sweden, Italy, Germany, and the USA—delivering authentic Indian goods trusted by retailers, wholesalers, and distributors worldwide. With over 50 categories in our portfolio, we specialize in Indian groceries, spices (organic & conventional), beverages, personal care, home care, hygiene products, baby care, handicrafts, utensils, incense, and non-food FMCG items. Our strong sourcing capability enables us to offer everything from daily-use essentials to premium ethnic products.

We also provide Private Label solutions, customized packaging, and consolidated container shipments, allowing customers to access a tailored and cost-efficient supply chain.

At A S Impex, we aim to be a seamless one-stop sourcing partner for international buyers looking for quality Indian products. Our commitment is simple — quality products, reliable service, and long-term partnerships.

PACKAGING

Understanding the needs of our customer, we take special care of the products while packing to ensure their safety, purity & hygiene. The superior quality of packaging ensures moisture proof long shelf life, quality and easy storage of products. Our packaging unit is equipped with sophisticated packing machines for high standard of quality output.
